

Looking for a doctor?

Use our online **Find a Doctor tool** to look for doctors, hospitals, labs, and other health care providers in your Anthem Blue Cross plan. Check if your doctor is part of your plan, or look for one near you. Try to avoid getting care from out-of-network doctors - it will cost more and may not be covered by your plan.

All CalCPA Health medical plans utilize the Anthem Blue Cross network of providers. Follow the steps below to find an in-network provider.

Visit [anthem.com/ca](https://www.anthem.com/ca) and go to “Find Care”

Log in for Personalized Search

Log in with the profile you created and search for a provider - the network you belong to will be pre-selected.

For PPO/EPO/HSA plans in California

choose Prudent Buyer PPO/EPO - Large Group.

Use Member ID for Basic Search

Enter the first three values of your ID number and search your medical plan without logging in.

For Select PPO/HSA plans in California

choose Select PPO/EPO.

Basic Search as Guest

- Select the type of plan or network
- Select the state
- Select how you get health insurance (Medical – Employer Sponsored)
- Select a plan or network (see options to the right)

For PPO/HSA or Select PPO/HSA plans outside of California

choose National PPO (Blue Card PPO).

For HMO plans

choose Blue Cross HMO (CACare) - Large Group.

For Select HMO plans

choose Select HMO.

Select a doctor to see more information, such as:

Training • Specialties • Languages spoken • Address (including a map) • Phone number

Mobile access

Download Anthem’s free mobile app called **Sydney Health**, from the App Store or Google Play. With Sydney Health you can search for doctors, hospitals, and more!
