Manage your pharmacy benefits from anywhere

Your health plan includes pharmacy benefits to make managing your prescriptions easier and more affordable. Whether you take medicine every day or only rarely, our digital tools can help you get the most from your plan.

To start, log in to anthem.com/ca or use the Sydney® Health app. You'll find real-time information about your prescriptions, like dosage, last fill date, and the number of fills you have left. You can also use helpful tools to:

Find a pharmacy

Choose a pharmacy in your plan's network using our Find a Pharmacy tool. You can:

- Pick from local options or home delivery.
- Save on your prescriptions by staying in network.
- Find specialty pharmacies for health conditions that require special medicine.

Compare drug prices

With our Price a Medication tool you can:

- Compare drug costs at different pharmacies.
- Find discounts.
- See what drugs your plan covers.

Check prior authorizations

Some medicines need an approval before you can get them. This helps make sure they're safe and appropriate. You can check if your prior authorization is:

- In progress, and what to expect next.
- Approved, and ready for your pharmacy to fill.
- Denied, along with the reason and how to appeal the decision.

Sign up for home delivery

With CarelonRx Pharmacy home delivery, you can:

- Enroll in automatic refills and reminders so you never miss a dose.
- Save time with no-extra-cost prescription delivery.
- Track orders in real time.

Explore your pharmacy digital tools
