PARTNERING FOR EVEN MORE SAVINGS

Expanded Medications Discounts Within Your Benefit

Express Scripts by Evernorth® and GoodRx have teamed up to expand your savings at the pharmacy counter. With this new program, you will have access to GoodRx prescription medication discounts at the pharmacy counter automatically **without having to present a GoodRx discount card**. This offering is built right into your pharmacy benefit, minimizing the need for price shopping.

A seamless, safe,
& simple solution,
so you can **stress
less** and **save
more**.

+ **Lowest Available Prices**

Generic medications are covered by your plan, excluding specialty generics.

+ **Effortless Member Experience**

No need to join GoodRx or use discount cards.

+ **Improve Consistency with Taking Your Medications**

Receive your discounted medications without delay and continue to take them as prescribed.

+ **Claims Apply to Your Deductible**

Payments count toward your plan accumulators, unlike other discount programs.

With this program, pharmacies process your prescription like always, using your benefit plan ID. If the available GoodRx discounted price is the lowest, that's what you will pay!
