

LiveHealth[®] O N L I N E

Quick and easy access
to a doctor 24/7

Starting in 2022, Primary care visits through LiveHealth Online will be free of copay/coinsurance costs for CalCPA Health medical subscribers

If you are feeling under the weather but don't have the energy or time to go to the doctor's office, LiveHealth Online (LHO) is a great option for you. With LHO you can see a board-certified doctor within minutes. Simply use your smartphone, tablet or computer with a webcam and sign up at LiveHealthOnline.com or download the app.

Sign up for LHO today for the following:

1. 24/7 access to doctors.

They can assess your condition, provide treatment options and even send a prescription to the pharmacy of your choice, if needed.

2. Medical care when you need it.

For things like the flu, a cold, sinus infection, pink eye, rashes, fever and more.

3. Convenience.

See a doctor from your own home or office and avoid waiting rooms and long wait times. In fact, most people are connected to a doctor in about 10 minutes or less.

4. Effective 01/01/2022, all primary care visits through LHO are free of copay/coinsurance.

Prescriptions

The doctors you see using LiveHealth Online can prescribe medication based on your current conditions and their medical expertise. They can send prescriptions electronically to the pharmacy of your choice. (Telehealth doctors are prohibited from prescribing controlled substances as well as additional medications as listed at LiveHealthOnline.com/Questions/).

LiveHealth Online Psychology and Psychiatry

If you are feeling stressed or anxious, you can talk to a licensed psychologist, therapist or psychiatrist through LHO. It's easy to use, and usually you can be connected to someone in four days or less.

LiveHealth Online – Other Services

LHO connects you with doctors who can help with your seasonal allergies. Also, LHO now offers dermatology visits online.

**Make your first appointment —
when it's easy for you!**

Use the app or visit LiveHealthOnline.com and log in and follow the prompts to select the type of care you need.
